Emptiness engulfs my soul, they say it gets better yet the sting never quits. Communication one sided, yet I know you hear me. Material earthly items mean nothing and never will. I walked away from the fruits of yours and my labor for your family. You know me, I will survive. Until we meet again my beloved. Purest Benelovence

Will always remember the childhood memories when we would all get together at Granny Johnston's for the holidays.

I have such wonderful childhood memories of Davey. He was silly and if I remember correctly, was always playing a joke on someone, just like his dad, my Uncle Johnny.
God bless his family and friends as they remember all the wonderful memories with my cousin.

Bill and I were so sorry to hear about Davey. We have known Isabel and Perry for such a long time and this breaks my heart from them and his family. May God grant you the peace and understanding that you need in this tragic time in your life.

I've known Dave for several years through our relationship as a customer/supplier. Dave was a great guy and a loyal business partner with us since he started MESLLC and before when he worked for D&N and Cleveland. This news came as a shock to our entire Mayer team and our thoughts and prayers are with the family. He will certainly be missed by all of us.

Dave met no strangers and was a good hard working man and that smile will live on in our memories. I ask God to comfort this family and allow the good memories to take over the grief. He will be missed but will be in our hearts forever.
