“ *I remember when sissy, lived with granny and papa, and she had a water bed, and I would go in there just to lay with her, so I could feel the waves ☐. My heart is broken, but I just know she is watching over us all now: and is seeing granny and papa, as I wish I was visiting with them all💕*

“ How can I share a memory with Sissy there where thousands and thousands. Every time we talked about a memory we would laugh so hard we cried and couldn't breath. Sissy and I have been best friends for 35 years. She was my sister. We could call each other ar any time day or night. Neither one of had problems sleeping so a call at 3 or 4 in the morning was no surprise. We would always answer because that meant sister had to talk. Sissy took part of me with her even my secrets. I live my Sissy and would do anything for her. She was also loved by my daughter, grandson and sisters. She had a heart of gold and it was big enough to love everybody.

RIP My Sissy.

Love Nancy
