“ *Elaine has been a friend of mine since we first met almost 60 years ago (9-1960) when we arrived on the campus of Mercer University to begin our college education. Through the years we have continued our friendship even though we lived in different states. I will greatly miss my weekly phone conversations with Elaine and our visits when we came to Georgia. She lived her Christianity in the professional work which she did as well as her many years of service to the First Baptist Church, Griffin. Memories of Elaine and Wayne will be with us forever.*
