“ *To John's family: I just found out about John's passing. It saddens me deeply. John and I attended Stall High School together. Although I haven't seen him since we graduated, I still remember him, all in a good light. As I've aged, I've forgotten many of the people there but not John. He had a larger than life presence and personality! I remember him as handsome guy, very active in school activities, funny and kind. Over the years, I occasionally pull out the annuals and take a walk down memory lane. I always look at Johns smiling face and remember him fondly, as well as his sister, Jennifer. I do hope you get this, even though it is late. I'd like for you to know that my prayers are with you. May God bring you comfort and peace in knowing that John was a guy remembered for his goodness and kindness all those years ago by people you don't know but share in your grief. God bless you.*

“ I didn't know John very well, but I worked with him a day or two as a young agent with Customs in Columbia and he in Charleston. He was truly larger than life to us younger agents. He was the kind of special agent we all looked up to back in those days. Rest in peace, brother.

“ John Steen was a friend that I met at work at North Charleston Coliseum, Convention and Performing Arts Center. John had a sense of humor and kept us laughing. He supported me as a breast cancer survivor every year in our walk to strive for a cure. John was faithful. I appreciate him and have missed him at work this year. My condolences to the family. God bless you

“ I am saddened by the news of Johns passing. We worked together in the Atlanta office and he had the biggest and kindest heart of any person that I know. We shared lots of laughs together, and I really enjoyed getting under his skin when he was riding with me. John hated hearing the tires of the car hitting the reflective lane markers on the highway, so om occasion I would do intentionally and wait for him to explode then we would both laugh when he realized that it was intentional. I always dreamed we would spend some time together after it was all said and done, but I am guess we will have to do it in the heavens. Rest In Peace my friend, we all will miss you.

“ John was one of a kind. He was a friend as soon as we shook hands when we first met. He always found something optimistic to say when things were at their worst, and John had more than his share of those times...He will always be My Friend and comrade...he was a man whom I loved to work with and was proud to know. God Bless You, My Friend. I Love You, BRUF. 'Til we meet again.

“ Was very sorry to hear that John had passed away. I knew he was extremely ill. But now he is no longer in pain, is in a place where everything is peaceful, and love abounds.

I remember John back when we worked on the same squad in the North area, Lots of times we both drove the "Crash Wagons" as they were called. Some awesome stories could come from those days.

John was a great guy, a super friend, a god police officer. His Law Enforcement career was extensive, many different agencies/areas he served.

It is my honor and pleasure to say John was MY friend, I will see him again someday.

Rest well Big John, you earned it.

Sincerely-your friend,

Stan Reeves
