“ First off I want to give my condolences to Mary and the family, I want to say thank you for allowing me to be a part of your lives and the memories I hold close to my heart. Joe will truly be missed, some would say that Joe was a grumpy person and I admit it I've seen proof of that but Joe also had soft side. I remember when we took a vacation together and went to Massachusetts. It was a very long drive all the way from Georgia but Joe never complained he was actually a good navigator as he pointed out all the landmarks and told us little stories about the things he did when he was coming up. I'll never forget you buddy and I'll see you again one day.
