“ *I really appreciated Kathy as a kind individual and great secretary in the Crop and Soil Science Department at UGA. She was always friendly and had a upbeat, positive attitude. She was a bright light.*

In remembrance and sympathy for your family.

“ *Kathy was one of my first friends when my family moved to the Vaughn Elementary School area. We were in the same class from 5th grade to high school graduation. She had many sorrows in her life, but I'm sure she is having a glorious, pain-free time now. My prayers to all family members.*

“ Kathy was the first person I met when I started work in the Agronomy Department at the Georgia Experiment Station in 1980. We bonded and remained best friends for 40 years. Kathy took me to every Chemo treatment at Emory and the laughs and stories are too many to list. I got to see her one last time by video chat the Friday before she passed away. I will always treasure our friendship and will have a hole in my heart forever. I'll miss you Kat. Love you always❤️

“ Kathy came to see me when I came home from the hospital. We went to New Salem Baptist Church. Her mother & father would drive over to pick my Granny Susie PEEPLES to church.

Kathy helped me get my last job working with her in the SARE Dept. in the STUCKEY Bldg. I saw her retire.

We were always friends & I loved our friendship & her!

I'm going to miss you, Kathy.
