*The first time I met Joy I was 16 I had started dating her Nephew
Bobby Lewallen and on our 3 date he had took me to her house to
meet her and by talking to her I found out that her and my Mother were
friends when they were younger and still talked on occasion so when I
got home I ask my Mother about it and she smiled and said she is a
good person and I won't have to worry about you as long as she is
watching over you she want let nothing happen to you but at the same
time she will make sure you behave also lol i Married Bobby and was in
the family for a few years and she was always so sweet to me I loved
her*
