“ I am a supplier that provides wheels for the Atlanta airport train system. Mike and I worked closely together for many years to outfit the train with the wheels our company makes and I am forever grateful for Mike's expertise, oversight and willingness to work with me to get the job done. I will miss his candor and great sense of humor. He was a fine gentleman. I will miss him!

“ *Worked with Mike at the airport for many years on the train system! When we first met in 1980 I found out he went to Forest Park High School and I went to North Clayton! Both played football and he swore that I broke his leg on a kickoff but it wasn't me. He was a good man and a great friend in the years we worked together! Condolences to the family for their loss!*
