“ *Sandra my unlikely friend and classmate from the class of 1963 Green Lake High School. In these later years we reconnected and had a Facebook friendship. My daughter Tara and I did visit her once after she moved to Georgia. I am very sadden with her passing and wished that I had made one more phone call. Love you Sandra. Sandy as I would call her back in the day. Prayers for the family and may she rest in peace and the perpetual light shine on her.*

Sandra I will miss your many comments on my Facebook posts. Somehow I believe I made you laugh. I always wanted to tell you how much I appreciated you being my client when you lived in Kansas City, the biggest complement was you keeping in touch to get my opinion on some things. God bless your soul.
