“ I can't remember the year. Shawn was young. Maybe 13 or 14. Someone else might remember when they read this. Teresa came to me and asked how much a go-kart would cost. She had a budget and really wanted him to have one. So for 3 weekends in a row. I would shut down TLC Polyform for the weekend. When everyone was gone. I went to work on an older kart I had. Painted yellow . I put everything new for Shawn. Flag, Seat, Tires, even the engine painted Chevy colors lol. Made a ferrying for over the steering linkage. I knew how important it was to Teresa to see his eyes light up for Christmas. The day before Christmas I was finished. The plant was empty. I started it first pull. I took off flying around the warehouse was at full speed coming to the exit door slammed the breaks. Slid it right to the door. Hit the kill switch. Stood up and I was face to face with my boss and owner of TLC. He said Christmas present? I said yes sir. He said I will help you load it. Lol. Anyway this memory wasn't about me but about Shawn and his Mother's love to see that excited smile on Christmas morning. And how worried she was that we didn't have enough time. She made it happen and she received her Christmas. I think of this time often.
