“ *I am so sorry to hear of Stella's passing - what a very very special person. When I hired Stella in the bookstore many, many years ago now, I was enamored by her personality and her spirit. I just knew that I needed someone like that, that could help nurture the many student workers and students in general. It was probably one of the best decisions I ever made. She was the face and the personality of the store for probably thousands of people over the years. I am much rewarded for knowing her and being in her life for the time that I was. For all of that knew her and worked with her, she will always be in our hearts. May the Lord bless each one of you that she has left behind - but know that she will be that little angel looking over you always.*

“ *I can hardly describe all of the wonderful memories I have of Stella. I worked with her at the Georgia Southern University Store. We had the best time working together. We had the best arguments and laughs one can imagine. Stella enriched the lives of hundreds of Georgia Southern students and was a favorite of so many. My condolences to the family. I know you will miss her. I hope your memories are as rich as mine.*
